

# JULY 9-10, 2014

## HAWAII LODGING, HOSPITALITY, AND FOODSERVICE EXPO

### You are invited to experience the Hawaii Agriculture booth area!

This year, we will feature eight companies based in Hawaii that use Hawaii grown ingredients in their recipes.

Please come by to sample these delicious Hawaiian products and see cooking demos using locally grown food products taking place across the aisle with the Hawaii Gas Company and Kapiolani Community College Culinary Arts Program.

If you want to market a new Hawaii agricultural product and interested in participating with our booth area next year, please let us know!
