

Checklist for Requesting Direct Airport Release at Kona, Kahului and Lihue Airports

Please check each box to verify that all items have been read and understood. All procedures must be followed or the dog or cat will be denied entry at Kona, Kahului or Lihue Airport. Pets that are denied entry will be transported to Honolulu for inspection or transported out-of-state at the owner's expense.

- Some airlines may not be participating in the neighbor island dog and cat entry program at Kona, Kahului or Lihue. Check with your airline well in advance about participation.
- Every dog or cat must meet all the requirements listed on the "Checklist for the 5-Day-or-Less Program" **except that all required documents must be submitted earlier; 30 days or more before the intended date of arrival.** Please follow the "Checklist for the 5-Day-or-Less Program" which is available at www.hawaii.gov/hdoa/ai/aqs/info

Airlines are not permitted to fly a dog or cat directly to Kona, Kahului or Lihue from the Continental US without a valid Neighbor Island Inspection Permit issued by the Department of Agriculture.

- The Animal Quarantine Station will send permits to owners via regular mail. If an owner prefers faster delivery, they must submit a prepaid self-addressed return envelope from an overnight carrier (FedEx, UPS, etc.) with the documents.
- An original health certificate (dated within 14 days of arrival) will be collected by the inspector upon arrival in Hawaii. It is highly recommended that owners check with their airline as some require the health certificate to be dated within 10 days of arrival.
