

CHECKLISTS

The checklists on the following pages have been created to assist owners in preparing their dog or cat to enter Hawaii without quarantine.

Please check each box after you read and understand each item so that all the procedures are followed.

If all procedures are not followed in the case of Direct Airport Release (DAR) in Honolulu, the dog or cat will be: denied Direct Airport Release and will undergo quarantine up to 120 days until requirements are met for release; or transported out-of-State at the owner's expense

If all procedures are not followed in the case of neighbor island entries, the dog or cat will be denied entry at Kona, Kahului or Lihue Airport. Pets that are denied entry will be transported to Honolulu for inspection and/or quarantine or transported out-of-State at the owner's expense.

For complete information, additional forms and Checklists such as "Checklist for Pets Arriving from British Isles, Australia, Guam and New Zealand", go to the Hawaii Department of Agriculture's, Animal Quarantine Information Page at:

HDOA is committed to maintaining an environment free from discrimination, retaliation, or harassment on the basis of race, color, sex, sexual orientation, religion, national origin, age, or disability with respect to any employment, program or activity.

Should you feel you have been discriminated against, please contact the HDOA Title VI Coordinator at 1428 S. King Street, Honolulu, HI 96814, (808) 973-9560 or via email at hdoa.info@hawaii.gov. For information on how to file a complaint, go to: <http://hdoa.hawaii.gov/blog/main/discriminationcomplaints/>.

1 Checklist 1 for Direct Airport Release (DAR) & 5 Day Or Less Program HNL – Honolulu, Island of Oahu

All steps need to be completed to qualify for this program. If you are unable to meet the following requirements, your pet will undergo quarantine for up to 120 days.

- For pets in Hawaii, please use: “Checklist Only for Dogs and Cats Located in Hawaii That Are Departing and Returning for DAR or the 5 Day Or Less Program” instead.
- For Owners wishing to fly their pet direct to Ellison Onizuka Kona International Airport at Keahole, Kahului Airport or Lihue Airport Refer to the “Checklist for Requesting Direct Airport Release at Kona, Kahului and Lihue Airports” instead.

Step 1 PLANNING

- Every dog or cat must meet the requirements listed on this Checklist and all required documents must be received by the Animal Quarantine Station (AQS) 10 days or more before the intended date of arrival for Direct Airport Release (DAR) in Honolulu.
- Refer to section “Step 5 Waiting Period” and “Step 8 Other” for information on DAR.

Step 2 MICROCHIP

NOTE! Make sure the microchip is working!

- Your dog or cat must have an electronic microchip implanted before the FAVN rabies antibody blood test is performed).
- Have your veterinarian scan the microchip to verify that it is still working and see that the microchip number is correct. Microchip number: _____
- Any pet that cannot be identified by scanning the microchip will not qualify for either Direct Airport Release or the 5 Day Or Less quarantine and will be assigned to 120 days quarantine.

Step 3 RABIES VACCINATIONS

- Your dog or cat must have been vaccinated at least twice for rabies in its lifetime.
- The rabies vaccines must have been administered **more than 30 days** apart.
- The current (most recent) rabies vaccine must have been administered:
 - More than 30 days before the pet’s date of arrival in Hawaii ; and
 - Not more than the vaccine’s licensed booster interval listed on the manufacturer’s label

NOTE! Two rabies vaccinations are required. The pet’s most recent rabies vaccination must not be expired when your pet arrives in Hawaii. **If arrival in Hawaii occurs before 30 days has elapsed from the most recent rabies vaccination, the animal is subject to quarantine until the 30 days are completed.**

- Your veterinarian will give you rabies vaccination certificates for every rabies vaccination. The date and type of vaccine must be indicated on these vaccination certificates.

1 Checklist 1 for Direct Airport Release (DAR) & 5 Day Or Less Program

HNL – Honolulu, Island of Oahu

Step 4 FAVN RABIES ANTIBODY TEST

NOTE! ~~RFIT~~ Do NOT do a RFFIT test

NOTE! Be sure “HAWAII” is listed as the destination on the lab submission form!

- Do the FAVN Rabies Antibody Test.
- Have the test done at an approved lab (Auburn University (AU), Kansas State University (KSU), University of Missouri (MU) or the DOD Food Analysis and Diagnostic Laboratory in Texas(DOD),
- The day after AU, KSU, MU or DOD received your pet’s blood sample must **not be more than 36 months and not less than 30 days** before the date of arrival in Hawaii.
Note! Be aware that use of an intermediate lab (Antech, Idexx, etc.) may delay the date AU, KSU, MU and DOD receives your pet’s sample.
- The result of the dog’s or cat’s blood test must be greater than or equal to 0.5 IU/ml.
- Obtain a copy of this successful blood test result from your veterinarian showing the pet’s microchip number for your records. Do not contact the laboratory directly.

Step 5 WAITING PERIOD

NOTE! Arriving Early = Disqualification

- Pets must have a passing FAVN rabies antibody test result and also complete a 30-day waiting period from the day the laboratory received the blood sample for testing. If arrival occurs before 30 days has elapsed, the animal is subject to quarantine until the waiting period has been completed.
- Your pet must complete the 30-day waiting period before arriving in Hawaii or your pet will not qualify for either direct airport release or the 5 Day Or Less quarantine program when it arrives.

IMPORTANT!: The waiting period begins the day after AU, KSU or DOD received the blood sample for the OIE-FAVN test. The test must also have a **result ≥ 0.5 IU/ml**.

WARNING! Arriving before the 30-day waiting period has elapsed will result in disqualification of a pet from the 5 Day Or Less quarantine program and direct airport release. All pets arriving before the eligible date of entry **will be quarantined and assessed \$14.30 each day in addition to the \$244.00 program fee. There are no exceptions.**

Step 6 DOCUMENTS REQUIRED

- 1. Completed Dog & Cat Import Form AQS-279. (Does NOT have to be notarized.)

IMPORTANT! Authorized Handlers and Transport Companies cannot be listed as owners of an animal. Not identifying and listing the legal owner of the animal on the Dog and Cat Import Form (AQS-279) is considered fraud and will create delays in processing and disqualification.

- 2. Original certificates for 2 rabies vaccinations (must be signed in ink by a licensed veterinarian.) The 2 rabies vaccination certificates must have the vaccine name, lot or serial number, booster interval, vaccination date and vaccine lot expiration date listed.

1 Checklist 1 for Direct Airport Release (DAR) & 5 Day Or Less Program

HNL – Honolulu, Island of Oahu

Step 6 DOCUMENTS REQUIRED (continued)

- 3. An original health certificate in English, done within 14 days of arrival in Hawaii including rabies vaccine name, lot or serial number, booster interval, vaccination date and expiration date is required. If you do not send the original health certificate to the Animal Quarantine Station in advance of your pet's arrival with your other documents, you must provide the health certificate upon arrival to the Inspector. Failure to bring the original health certificate (photocopy not acceptable), will prevent your pet from being released.
- 4. A veterinarian must treat the pet for ticks with a product containing a long-acting product labeled to kill ticks (Revolution® is not acceptable) within 14 days of arrival and the product name and date of treatment must be recorded on the pet's health certificate.
- 5. If you are applying for re-entry under the same FAVN blood test and rabies vaccinations used for a previous entry, you must send a copy of the Airport Release Card given to you when your pet was released at the airport on that previous arrival in Hawaii.

Step 7 SUBMITTING DOCUMENTS

- Send documents in as a set so they are received more than 10 days before arrival in Honolulu, to: Animal Quarantine Station, 99-951 Halawa Valley Street, Aiea, Hawaii 96701. Send by mail with return receipt to verify delivery, or by an overnight carrier that provides tracking of your documents.
- Be sure to allow adequate time to ensure your documents are received by AQS **more than 10 days before your pet arrives** at the Daniel K. Inouye International Airport (HNL) in Honolulu for DAR (This includes re-entry DAR.)
- Failure to send documents as instructed will incur additional fees and can disqualify a pet from airport release.** Other than the original health certificate, hand carrying documents in for review and qualification on arrival will cause delay and result in a higher fee of \$244 for DAR, and \$130 for Re-Entry. Priority is given to dog and cat owners that properly submitted documents beforehand as instructed.
- Send documents (Dog & Cat Import Form AQS-279, two rabies vaccination certificates, payment*), include a cashier's check or money order (no personal checks are accepted) for \$185 for Direct Airport Release in HNL or \$244 for 5 Day Or Less. Include your pet's microchip number with the payment to ensure proper credit. Payable to: **Department of Agriculture.**
Note! Faxes and photocopies are not accepted!
- If you are applying for re-entry under the same OIE-FAVN blood test and rabies vaccinations used on a previous entry, send a copy of the Airport Release card given to you when your pet was released at the airport from the previous arrival.
- Payment must be made in full before your pet will be released. Payment more than fees will receive refunds through the mail in approximately 8 weeks or more after a request for refund is made.
- Retain copies of necessary qualification documents for your files and to accompany your pet as a backup.
- Owners wishing to fly their pet direct to the island of Hawaii, island of Maui or island of Kauai must send in documents in 30 days or more before arrival and request a Neighbor Island Inspection Permit.

1 Checklist 1 for Direct Airport Release (DAR) & 5 Day Or Less Program

HNL – Honolulu, Island of Oahu

Step 7 SUBMITTING DOCUMENTS (continued)

A Neighbor Island Inspection Permit (NIIP) is required to fly direct to Kona International Airport at Keahole (KOA), Kahului Airport (OGG) or Lihue Airport (LIH). Refer to the “Checklist for Requesting Direct Airport Release at Kona, Kahului and Lihue Airports” No permit is required to fly into Honolulu at the Daniel K. Inouye International Airport (HNL), island of Oahu.

Step 8 OTHER

- It is recommended that you check your pet’s blood test results at the Hawaii Department of Agriculture web site: hdoa.hawaii.gov/ai/aqs-info
- Direct Airport Release**
Arrange for your pet to arrive at the Airport Animal Quarantine Holding Facility (AAQHF) at HNL - Daniel K. Inouye International Airport in Honolulu during **normal inspection hours between 8:00 AM to 4:30 PM**. It may take up to one hour for the airlines to transport a pet to AAQHF [Phone: (808) 837-8092] Animals not delivered to the facility during normal inspection hours will not be released when they arrive.
Warning!: Inspection hours are subject to change at any time without notice.
- Unless prior arrangements are made with the AAQHF, pets qualified for Direct Airport Release that arrive between 5:00 PM and 8:00 AM must be picked up between 8 to 10 AM during the subsequent inspection period at the AAQHF. If not picked up during that time, the pet will be transferred to the AQS and entered in to the 5 Day Or Less program at \$244. In this situation, after all necessary documents are received and verified, pets may be picked up at the Animal Quarantine Station, 99-951 Halawa Valley Street, Aiea, Hawaii 96701, phone: (808) 483-7151, during normal office hours.

Monday through Friday:	9:00 AM to 11:00 AM & 1:00 PM to 4:30 PM
Saturday, Sunday, State Holidays:	8:00 AM to 10:00 AM & 12:00 PM to 3:30 PM
- The higher fee of \$244 for each dog or cat released at the airport shall apply (instead of \$185) when documents are not received by the Animal Quarantine Station 10 days or more before arrival. This includes situations where documents are submitted on arrival for review and qualification purposes.
- Animals will not qualify for the \$98 reduced re-entry fee when documents are not received by the Animal Quarantine Station 10 days or more before the re-entry. In this case, the higher fee of \$130 for each dog and cat released at the airport shall apply.
- You must contact the AAQHF and notify them at (808) 837-8092 if you cannot pick up your pet the day it is delivered to the Airport Animal Quarantine Holding Facility (AAQHF) in HNL during normal inspection hours between 8:00 AM to 5:00 PM.

The pet may be available for pick up from between 8:00 to 10:00 AM at the AAQHF the next day, or it may be transferred to the Animal Quarantine Station (AQS) the following morning. After 10 AM or when pets are transferred to AQS, they are entered into the 5 Day Or Less program. Fee for the 5 Day Or Less program is \$244 per pet.
- Animals on international flights will need to clear U.S. Customs **before** they may be released from the Airport Animal Quarantine Holding Facility. Please check with your airlines regarding U.S. Customs clearance to assure they will be open to process your pet for release.
- Your pet will not qualify for direct airport release if ticks or other parasites are found at the time of arrival.

1 Checklist 1 for Direct Airport Release (DAR) & 5 Day Or Less Program

HNL – Honolulu, Island of Oahu

Step 8 OTHER (continued)

- Direct Airport Release will not be possible when prohibited by Federal airport security advisories. Under those circumstances pets will be released the following day at the Animal Quarantine Station 99-951 Halawa Valley Street, Aiea, Hawaii 96701, phone: (808) 483-7151, during normal office hours:
- Monday through Friday:** 9:00 AM to 11:00 AM & 1:00 PM to 4:30PM
Saturday, Sunday, State Holidays: 8:00 AM to 10:00 AM & 12:00 PM to 3:30PM

NOTE! Pet owners should bring a baggage cart or other means to transport their crated pet from the Airport Animal Quarantine Holding Facility to the Inter-island Terminal if traveling on to an outer island after release of their pet. There are no carts or porters at the Airport Animal Quarantine Holding Facility.

- The pet owner is responsibility to arrange all transportation for the pet once it is released from the Airport Animal Quarantine Holding Facility in Honolulu. An animal may only be released to:
- The Owner listed on a Dog and Cat Import Form (AQS-279);
 - The Consignee identified on the shipmaster's declaration; or
 - The Co-owner(s) or Authorized Handler listed on a Dog and Cat Import Form (AQS-279).
- If you are not traveling with your pet, you must arrange with the airlines to consign your pet to the individual who will pick up your pet.
- Due to Federal security regulations at the Honolulu International Airport, all pets must be secured in their flight carriers when picked up from the Airport Animal Quarantine Holding Facility. Do not remove your pet from its transport carrier on airport property!
- You must notify the Animal Quarantine Station prior to arrival, follow the same procedures, and meet all the requirements each time your pet enters or returns to Hawaii.
- You will pay a fee of \$185 per pet for direct airport release or \$244 per pet for the 5 Day Or Less program each time your pet enters or returns to Hawaii unless it qualifies for subsequent entry fees outlined in: "Re-Entry Fee Requirements".
- Any dog or cat not picked up on its scheduled date for release is considered "Overdue" and an additional \$17.80 fee is added for each day a pet remains beyond its scheduled release date. Animals are not allowed to remain in AQS past their scheduled release date.
- Due to the high volume of telephone calls it's recommended you contact staff with questions, by email to rabiesfree@hawaii.gov.

Hawaii Department of Agriculture contacts: Animal Quarantine Station telephone:
 (808) 483- 7151 fax: (808) 483-7161 **email: rabiesfree@hawaii.gov**
