§4-66-62 Certified pesticide applicator recordkeeping.

Certified pesticide applicators shall keep records of all pesticide applications at their principal place of business.

(b) These records must be kept for a period of two years and shall be made available for inspection and copying by the head during reasonable working hours.

(c) Recordkeeping information shall include:

1. Brand or common name of pesticide product applied;
2. EPA registration number;
3. Type of formulation;
4. Active ingredient(s) and percent of each active ingredient;
5. Scientific or common name of target pest;
6. Dilution rate;
7. Total amount of pesticide used;
8. Total area covered;
9. Time and date of application;
10. Address or geographic location of treated site, listing, at a minimum, the tax map key number or global positioning system (GPS) coordinates where the pesticide was used;
11. Name of certified applicator and his or her certification number;
12. Crop, commodity, stored product or other site;
13. Restricted entry interval and whether posting and oral notification are required; and
14. Any other information the head deems necessary.

(d) Every user of restricted use pesticides shall submit to the Department, no later than January 30th of the following year, all restricted use application records for the preceding calendar year on forms provided by the head.

(e) Commercial applicators applying any pesticide in agricultural operations shall furnish a written record containing the following information to the agricultural employer before any pesticide is applied:

1. The specific location and description of the treated area;
2. Time and date of application;
3. Product name, EPA registration number, and active ingredient(s);
4. Restricted entry interval;
5. Whether posting and oral notification are required; and
6. Any other product-specific requirements on the product labeling concerning protection of workers or other persons during or after application.

(f) Commercial applicators shall retain a copy of the written record furnished to the agricultural employer in compliance with subsection (e). These records must be kept for a period of two years and shall be made available for inspection and copying by the head during reasonable working hours.

(g) Certified pesticide applicators shall create or verify the existence of records documenting that each non-certified applicator who mixes, loads, transfers, or applies restricted use pesticides has the qualifications required under section 4-66-61(4).

(h) Failure to comply with the recordkeeping requirements, reporting requirements, or both, may result in certification revocation and subject the certified pesticide applicator to additional penalties as provided by law.
The Department shall produce a summary from information submitted in accordance with subsection (c), which includes:

1. The federal and state registration numbers or permit numbers, commercial product names, and active ingredients, for all restricted use pesticides used;
2. The total quantities used for each restricted use pesticide;
3. A general description of the geographic location where the restricted use pesticides were used, which at a minimum is to be expressed by tax map key number or global positioning system coordinates; and amount of area in the county in which the restricted use application occurred.

The Department shall summarize the information for public disclosure, by county, and post the information on the Department's website no later than thirty days following the annual January 30th reporting deadline specified in subsection (d).

§4-66-64.2 Conditions and limitations on restricted use pesticide application within Buffer Zones. (a) Beginning January 1, 2019, no person shall apply a restricted use pesticide on or within one hundred feet of a school property during normal school hours.
(b) This section shall not apply to whole structure fumigation.
(c) If this section is determined to conflict with any pesticide application information listed on the pesticide label, the more restrictive provision shall apply.
(d) Buffer zones may be determined by tax map key number, or if tax map key number is not an appropriate means of establishing the buffer zone, by property boundaries such as fence lines, landscaping, or other method that is reasonably capable of determining the school's property.
(e) The certified applicator shall be responsible for all violations of chapter 149A, Hawaii Revised Statutes and this rule.

As used in this section:
"Buffer Zone" means an area in which no restricted use pesticides may be applied.
"Normal school hours" means Monday through Friday from 7:00 a.m. until 4:00 p.m., excluding days when classes are not in session.
"School" means any public or private preschool, kindergarten, elementary, intermediate, middle, secondary, or high school.
